BOARD OF EXAMINERS OF ELECTRICAL CONTRACTORS

IN THE MATTER OF

ANTHONY VENTOLO
t/a June Electric, Inc.
License and Business Permit #6427

TO PRACTICE ELECTRICAL
CONTRACTING IN THE STATE OF
NEW JERSEY

Administrative Action

PROVISIONAL ORDER
OF DISCIPLINE

This matter was opened to the New Jersey State Board of Examiners of Electrical Contractors ("the Board") upon receipt of information which the Board has reviewed, and on which the following preliminary findings of fact and conclusions of law are made;

FINDINGS OF FACT

1. Anthony Ventolo ("respondent") is a licensed electrical contractor in the State of New Jersey, and has been a licensee at all times relevant hereto. Respondent has been issued business permit #6427 under the name "June Electric, Inc." and has been engaging in the practice of electrical contracting under that business permit at all times relevant hereto.

2. The Board received a complaint from the electrical inspector for the city of West Windsor Township. According to the complaint, the inspector did a rough inspection at 4 Millar Court in West Windsor, NJ. The inspection concerned a finished basement. The complaint stated that the Board "may be interested in the work" the respondent is doing. (Exhibit A, copy of complaint from West Windsor Township electrical inspector, attached).

3. The inspector also provided a copy of the "Project Inspection Activity Report" and the "Construction Department Inspection Report" concerning the work performed at 4 Millar Court, West Windsor, New Jersey. The "Project Inspection Activity Report" indicates that the rough electrical inspection failed on multiple occasions. This report also indicates that respondent failed to correct violations from the previous inspection. Both reports list multiple electrical work violations. (Exhibit B, copy of "Project Inspection Activity Report", attached). (Exhibit C, copy of "Construction Department Inspection Report", attached).

4. The Board sent a letter to respondent, dated March 19, 2010, via regular mail. The letter was sent to respondent's address of record. In the letter, the Board requested that respondent provide a written reply to the complaint filed by the electrical inspector for West Windsor Township. Respondent failed to provide the requested response to the complaint. (Exhibit D, copy of letter sent to respondent, from the Board, dated March 19, 2010, attached). (Exhibit E, copy of certification from Kathleen-Ann Moran, attached).

5. The Board sent a second letter to respondent, dated September 2, 2010, via certified and regular mail, to respondent's address of record. The letter again requested that respondent provide a written reply to the complaint filed by the electrical inspector for West Windsor Township. The letter also advised respondent that his failure to cooperate with the Board's investigation of the complaint could lead to disciplinary action against him pursuant to N.J.A.C. 13:45C-1.2. The certified letter was returned to the Board marked "Unclaimed". The regular mail was not returned. Respondent again failed to provide the requested response to the complaint. (Exhibit F, copy of letter sent to respondent, via certified and regular mail, dated September 2, 2010, attached). (Exhibit G, copy of certified mail returned to the Board marked "Unclaimed", attached). (Exhibit E, copy of certification from Kathleen-Ann Moran, attached).

CONCLUSIONS OF LAW

1. The above preliminary findings of fact provide grounds for disciplinary action against respondent's license, pursuant to N.J.S.A. 45:1-21(e), in that respondent has engaged in

professional and occupational misconduct by failing to cooperate with the Board and provide requested information in violation of N.J.A.C. 13:45C-1.2.

ACCORDINGLY, IT IS on this 3 day of *Nov*
Oct, 2012,

ORDERED that:

1. Respondent is hereby provisionally reprimanded for the violations as detailed above.

2. Respondent's license and business permit to practice as an electrical contractor in the State of New Jersey are hereby provisionally suspended until such time as respondent provides a written response to the complaint from the electrical inspector for West Windsor Township.

3. Respondent is provisionally assessed a civil penalty, pursuant to N.J.S.A. 45:1-22, in the amount of \$2,000.00, in that he has failed to provide the Board with a response to the complaint from the electrical inspector for West Windsor Township. The civil penalty shall be submitted by certified check or money order made payable to the State of New Jersey and shall be sent to the Executive Director, Board of Examiners of Electrical Contractors, 124 Halsey Street, Sixth Floor, Newark, New Jersey 07101, no later than thirty (30) days after entry of any Final Order in this matter. In the event respondent fails to make a timely payment, a certificate of debt shall be filed.

4. The within Order shall be subject to finalization by the Board at 5:00 p.m. on the 30th business day following entry hereof unless respondent requests a modification or dismissal of the above stated Findings of Fact or Conclusions of Law by:

a) Submitting a written request for modification or dismissal to, Executive Director, Board of Examiners of Electrical Contractors, 124 Halsey Street, Sixth Floor, Newark, New Jersey 07101.

b) Setting forth in writing any and all reasons why said findings and conclusions should be modified or dismissed.

c) Submitting any and all documents or other written evidence supporting respondent's request for consideration and reasons therefor or offered in mitigation of penalty.

5 . Any submissions will be reviewed by the Board, and the Board will thereafter determine whether further proceedings are necessary. If no material discrepancies are raised through a supplemental submission during the thirty-day period, or if the Board is not persuaded that submitted materials merit further consideration, a Final Order of Discipline will be entered.

6 . In the event that respondent's submissions establish a need for further proceedings, including, but not limited to, an evidentiary hearing, respondent shall be notified with regard thereto. In the event that an evidentiary hearing is ordered, the preliminary findings of fact and conclusions of law contained herein shall serve as notice of the factual and legal allegations in such proceeding. Additionally, if further proceedings are ordered, the Board may seek to recoup the costs of such proceedings from respondent, in addition to the sanctions and penalties stated above.

7 . Nothing in this order precludes the Board from taking disciplinary action regarding the complaint submitted by the electrical inspector for West Windsor Township.

Re: Work performed at 4 Millar Court
West Windsor, New Jersey

Dear Mr. Ventolo:

The Board of Examiners of Electrical Contractors is in receipt of a complaint from the electrical inspector for the Township of West Windsor concerning work performed at the above referenced address. Provided with the complaint are photographs of the work performed along with a Project Inspection Activity Report.

I have enclosed a copy of the pictures and the Project Inspection Activity Report. The Board requests that you explain the work performed as reflected in each photograph.

The Board requests your written reply, signed by you and sealed with your electrical contractor's pressure seal, giving a detailed explanation concerning your actions in this matter along with a copy of the **contract(s)**, **permit(s)** and **inspection(s)** performed. Your written explanation should be received within seven (7) days of receipt of this letter.

You are also directed to provide copies of your Continuing Education Course Certificates totaling 34 hours for the 2009 to 2012 triennial renewal period.

Your prompt response and cooperation will help expedite the Board's review of the complaint received.

Sincerely,

Dear Mr. Ventolo:

The Board of Examiners of Electrical Contractors has not received a response to its letter dated March 31, 2010, copy enclosed.

Be advised that it is your duty to cooperate with this Board pursuant to N.J.A.C. 13:45C-1.2 which states:

A licensee shall cooperate in any inquiry, inspection, or investigation conducted by, or on behalf of, a board, the Director or the licensee's licensing agency into a licensee's conduct, fitness or capacity to engage in a licensed profession or occupation where said inquiry is intended to evaluate such conduct, fitness or capacity for compliance with applicable statutory or regulatory provisions. A licensee's failure to cooperate, absent good cause or bona fide claim of a privilege not identified in N.J.A.C. 13:45C-1.5 as unavailable, may be deemed by the Board, the Director, or the licensing agency to constitute professional or occupational misconduct within the meaning of N.J.S.A. 45:1-21(e) or the agency's enabling act and thus subject a licensee to disciplinary action pursuant to N.J.S.A. 45:1-21(h) or the agency's enabling act.

Violation of the duty to cooperate may therefore subject you to sanctions pursuant to N.J.S.A. 45:1-21(h), which may include license suspension or revocation, and/or the assessment of civil penalties up to \$10,000.00 for the first occurrence, and up to \$20,000.00 for a second occurrence, and/or suspension, and/or other further measures.

Thus your failure to respond to the Board in writing within ten (10) days from the date of this letter may subject you to such disciplinary action.

Sincerely,

A handwritten signature in cursive script, reading "Lawrence DeMarzo".
